

**New Recycling Program**  
**The City is now Accepting Requests to Change Carts.**  
*Form must be turned in to get a smaller cart!*

**Residents can come by City Hall to request a change in recycling carts.**

Bring this form or fill one out at City Hall.

*(Each new residential household will automatically receive a 96 Gallon Cart at no charge.)*

All requests to change carts will incur a **\$25.00 change out fee**. To change to a smaller cart, an **additional \$48.00** will be accessed to cover the cost of the cart. **There is no cart cost for the big cart.**

**For your information, the 35 gallon cart will hold a little less than two of the bins previously provided.**

**Cut here** -----

**I want to join the residents of Bunker Hill Village in recycling more;**

**However, I prefer a different size cart:    35 Gallon    96 Gallon**
